

27/11/2019

We have been working with Court Executive Firm Ltd for the past 1.5 years and are very impressed with how friendly, professional and most importantly – effective they are. We are kept informed every step of the way of how things are progressing with each debtor and appreciate the way they handle our customers, which is always with respect and honesty.

We are very happy with their services and would recommend them to any business looking for someone to collect a debt owed to them.
